Hawai‘i – Coastal flooding ESF-6 playbook

Data as of 2026-10-27

County: Hawai‘i · **Hazard:** Coastal flooding

Planning aid. Supports, does not replace, county emergency plans. Not an official shelter list.

1. Summary

Calculated by open code from public data · see Sources (section 8)

People in the risk area **53,969**	May need a public shelter (likely) **2,698**	May need a public shelter (low – high) **1,079 – 5,937**
Speak English less than well (C) **1,841**	Use power-dependent medical equipment (estimate) (M) **410**	People with a disability (I) **7,255**
Age 65 and older (I) **12,718**	People in households without a car (T) **4,088**	Known 2026 shelter sites usable for this hazard **10**

Source: CDC/ATSDR Social Vulnerability Index 2022 (ACS 2018–2022 estimates), HHS emPOWER, FEMA National Risk Index v1.20; shelter rates in section 8.

Share of people in the risk area who may need a public shelter: low 2%, likely 5%, high 11.0%. One person can be counted in more than one need. Page 2 explains how to read these numbers.

2. Scope: county total vs. one community

The county total is an upper bound. It counts the 25% of Census areas in the county with the highest FEMA risk score for this hazard as hit at the same time. Real events usually hit fewer communities.

Largest single community (the Census areas with the most people who may need a shelter)

Community (Census area)	People in the risk area	May need a public shelter (low – likely – high)	Speak English less than well	Use power-dependent medical equipment (estimate)	People with a disability	Age 65 and older	People in households without a car
Hōnaunau-Nāpōʻopoʻo Census area 213	7,384	148 – **369** – 812	176	66	777	2,042	170
Hilo Census area 206	6,802	136 – **340** – 748	67	45	1,261	1,394	387
Kaiminani Census area 215.13	5,579	112 – **279** – 614	235	38	568	1,187	134

Source: people and needs – CDC/ATSDR Social Vulnerability Index 2022 (ACS 2018–2022 estimates), HHS emPOWER and FEMA National Risk Index v1.20; community names – 2020 Census blocks and places, spellings from USGS GNIS.

To plan for one community, use the first row.

How to read this playbook

Example row

Community (Census area)	People in the risk area	May need a public shelter (low – likely – high)
Hōnaunau-Nāpōʻopoʻo Census area 213	7,384	148 – **369** – 812

Read it as: about 7,384 people live in the risk area of Hōnaunau-Nāpōʻopoʻo. If this hazard hits, between 148 and 812 of them may need a public shelter; 369 is the likely number.

Census area

A neighborhood-sized area the U.S. Census uses, usually 1,200–8,000 people. The number (for example "Census area 308") is its Census ID. Each area is named after the Census place where most of its people live. "near" means no one in the area lives inside a named place; "rural near" means most people live outside named places.

Low – likely – high

The share of people in the risk area who may go to a public shelter: low 2%, likely 5%, high 11.0%. Where the rates come from: Team assumptions: likely 5%; low 2% (the hurricane planning factor); high 11% (the Lahaina 2023 rate).

Who has access and functional needs (CMIST)

- **C – Communication:** people who speak English less than well; they may need interpreters and translated messages.
- **M – Medical:** people who use power-dependent medical equipment (an estimate from HHS emPOWER).
- **I – Independence:** people with a disability and people age 65 and older.
- **S – Safety and support:** children and people living in group quarters (in the needs table).
- **T – Transportation:** people in households without a car.

County total vs. one community

The county total counts the 25% of Census areas in the county with the highest FEMA risk score for this hazard as hit at the same time, so it is an upper bound. Use the "Largest single community" table to plan for an event that hits one community.

Map

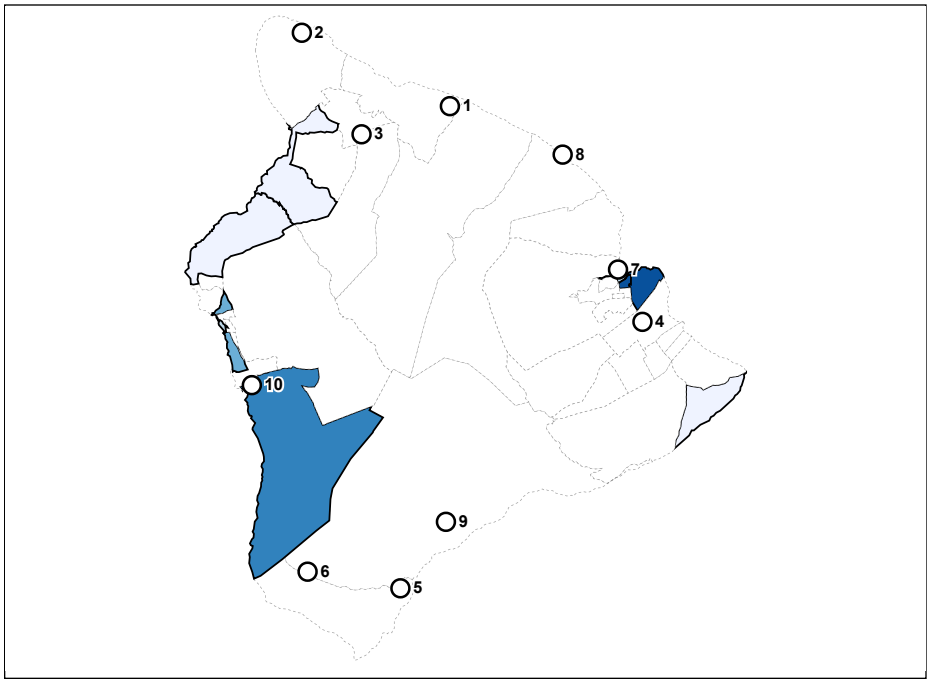

Darker blue means more people with needs, from "Lowest need" to "Highest need". A solid outline marks a Census area in the risk area; a dashed outline is outside it. Symbols: ○ usable site, △ check flood risk, ◇ flood risk not mapped, ⊠ not for this hazard. Numbers on the map match the site key.

Why population numbers can differ

People in the risk area come from ACS 2018–2022 estimates (through the CDC Social Vulnerability Index 2022). Community names use 2020 Census counts. County totals in the plan use Census estimates for 2025. Each table names its source underneath.

Every number is a planning estimate. In an event, follow county announcements.

3. Map: people with needs and known sites

Site key

1 = Honoka‘a Gym (usable)
2 = Ikuo Hisaoka Gym (usable)
3 = Kahilu Town Hall (usable)
4 = Kea‘au Armory (usable)
5 = Nā‘ālehu Elementary School Gym (usable)
6 = Ocean View Community Center (usable)
7 = Pu‘u‘eo Community Center (usable)
8 = Pāpa‘aloa Park Annex (usable)
9 = Robert N. Herkes Gym (usable)
10 = Yano Hall (usable)

- Lowest need (0–975 people)
- Lower (975–1,043 people)
- Middle (1,043–1,173 people)
- Higher (1,173–1,725 people)
- Highest need (1,725–2,219 people)
- Solid outline: Census area in the risk area
- Dashed outline: outside the risk area
- Usable site
- Check flood risk
- Flood risk not mapped (FEMA zone D)
- Not for this hazard

Color = people in the risk area who speak English less than well, use power-dependent medical equipment, have a disability, or live without a car (a person can be counted more than once). No street map: Census area outlines only.

Source: people and needs – CDC/ATSDR Social Vulnerability Index 2022 (ACS 2018–2022 estimates), HHS emPOWER and FEMA National Risk Index v1.20; community names – 2020 Census blocks and places, spellings from USGS GNIS.

4. Known sites (opened in 2026 events)

Compiled with AI from official county releases · verified by team

#	Status for this hazard	Site	Address	Why	Times opened in 2026
1	✓ **Usable**	Honokaʻa Gym	45-541 Lehua St., Honokaʻa	Outside FEMA high-risk flood zones (zone X)	1
2	✓ **Usable**	Ikuo Hisaoka Gym	54-382 Kamehameha Park Road, Kapaʻau	Outside FEMA high-risk flood zones (zone X)	1
3	✓ **Usable**	Kahilu Town Hall	67-1182 Lindsey Road, Waimea	Outside FEMA high-risk flood zones (zone X)	1
4	✓ **Usable**	Keaʻau Armory	16-512 Volcano Road, Keaʻau	Outside FEMA high-risk flood zones (zone X)	1
5	✓ **Usable**	Nāʻālehu Elementary School Gym	95-5545 Mamalahoa Highway, Nāʻālehu	Outside FEMA high-risk flood zones (zone X)	1
6	✓ **Usable**	Ocean View Community Center	92-8924 Leilani Circle, Ocean View	Outside FEMA high-risk flood zones (zone X)	1
7	✓ **Usable**	Puʻuʻeo Community Center	145 Wainaku St., Hilo	Outside FEMA high-risk flood zones (zone X)	1
8	✓ **Usable**	Pāpaʻaloa Park Annex	35-1994 Government Main Road, Pāpaʻaloa	Outside FEMA high-risk flood zones (zone X)	1
9	✓ **Usable**	Robert N. Herkes Gym	96-1219 Kamani St., Pāhala	Outside FEMA high-risk flood zones (zone X)	1
10	✓ **Usable**	Yano Hall	82-6156 Māmalahoa Highway, Captain Cook	Outside FEMA high-risk flood zones (zone X)	1

Source: county announcements of sites opened in 2026; FEMA flood zones (Hawai'i Statewide GIS, State DFIRM); tsunami evacuation zones (Hawai'i Statewide GIS).

Candidate public schools in this county usable for this hazard: **54**. Sites are places a county has opened before; not every site opens in every event. Always follow current county announcements.

5. Needs and proposed partners

Likely estimate. Roles are **proposed – to be confirmed with partner**. The pledged column stays blank until a partner confirms it.

Need	How many	Unit	Proposed lead	Proposed support	Pledged by partner	Still needed
Cots / sleeping space	2,699	cots	County Emergency Management	Hawai‘i Department of Human Services (DHS), Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i Department of Education (DOE) – schools, Hawai‘i State Public Library System, American Red Cross, Faith-based organizations, Other state and county agencies	—	confirm with partner
Floor space (≤72 h)	53,970	sq ft	County Emergency Management	Hawai‘i Department of Human Services (DHS), Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i Department of Education (DOE) – schools, Hawai‘i State Public Library System, American Red Cross, Faith-based organizations, Other state and county agencies	—	confirm with partner
Floor space (≤2 weeks)	107,939	sq ft	County Emergency Management	Hawai‘i Department of Human Services (DHS), Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i Department of Education (DOE) – schools, Hawai‘i State Public Library System, American Red Cross, Faith-based organizations, Other state and county agencies	—	confirm with partner
Water	2,699	gal/day	American Red Cross	Hawai‘i Department of Human Services (DHS), County Emergency Management, Hawai‘i Department of Education (DOE) – schools, The Salvation Army, Hawai‘i VOAD (Voluntary Organizations Active in Disaster), Faith-based organizations, Business community	—	confirm with partner
Meals	5,397	meals/day	American Red Cross	Hawai‘i Department of Human Services (DHS), County Emergency Management, Hawai‘i Department of Education (DOE) – schools, The Salvation Army, Hawai‘i VOAD (Voluntary Organizations Active in Disaster), Faith-based organizations, Business community	—	confirm with partner
Toilets (≤72 h)	68	toilets	County Emergency Management	Hawai‘i Department of Human Services (DHS), Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i Department of Education (DOE) – schools, Hawai‘i State Public Library System, American Red Cross, Faith-based organizations, Other state and county agencies	—	confirm with partner
Toilets (≤2 weeks)	135	toilets	County Emergency Management	Hawai‘i Department of Human Services (DHS), Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i Department of Education (DOE) – schools, Hawai‘i State Public Library System, American Red Cross, Faith-based organizations, Other state and county agencies	—	confirm with partner
Shelter staff	177	staff per shift	County Emergency Management	Hawai‘i Department of Human Services (DHS), Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i Department of Education (DOE) – schools, Hawai‘i State Public Library System, American Red Cross, Faith-based organizations, Other state and county agencies, Hawai‘i VOAD (Voluntary Organizations Active in Disaster), Office of Hawaiian Affairs (OHA), The Salvation Army, Philanthropy (foundations and donors), Business community	—	confirm with partner
Power outlets for power-dependent residents	21	outlets	Hawai‘i Department of Health (DOH)	County Emergency Management, Health care organizations (incl. managed health care), Utilities	—	confirm with partner
Accessible transport	4,088	people in no-vehicle households at risk	County Emergency Management	Hawai‘i Department of Human Services (DHS), Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i Department of Transportation (DOT), Business community, Other state and county agencies	—	confirm with partner
Pet space – dog households	449	households with a dog	County Emergency Management	Hawai‘i VOAD (Voluntary Organizations Active in Disaster)	—	confirm with partner
Pet space – cat households	262	households with a cat	County Emergency Management	Hawai‘i VOAD (Voluntary Organizations Active in Disaster)	—	confirm with partner
Children's area	496	children in shelter	County Emergency Management	Hawai‘i Department of Human Services (DHS), Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i Department of Education (DOE) – schools, Hawai‘i State Public Library System, American Red Cross, Faith-based organizations, Other state and county agencies, Hawai‘i Department of Health (DOH), Health care organizations (incl. managed health care), Philanthropy (foundations and donors)	—	confirm with partner
Interpreters – Ilocano	23	people with limited English in shelter	Hawai‘i Department of Human Services (DHS)	County Emergency Management, Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i State Public Library System, Hawai‘i Department of Health (DOH), Office of Hawaiian Affairs (OHA), Faith-based organizations, Other state and county agencies	—	confirm with partner

8. Sources and assumptions

Planning factors

Factor	Value	Source or team assumption
Shelter-seeking rate – Hurricane	0.02 / 0.03 / 0.05	South Carolina EMD, 2026 Hurricane Response Annex G (planning factors 2%, 3%, 5%)
Shelter-seeking rate – Wildfire	0.02 / 0.05 / 0.112	high = observed Maui 2023: 1,418 people in shelters on Aug 11, 2023 (Maui Now) / Lahaina CDP population 12,702 (2020 Census) = 0.1116, rounded to 3 decimals = 0.112 (so the calibration event falls inside the band). low and central are team_assumption.
Shelter-seeking rate – Tsunami	0.02 / 0.05 / 0.11	team_assumption: central 5%; low 2% = hurricane planning factor (SCEMD); high 11% = observed Maui 2023 no-notice total-loss rate
Shelter-seeking rate – Inland flooding	0.02 / 0.05 / 0.11	team_assumption: central 5%; low 2% = hurricane planning factor (SCEMD); high 11% = observed Maui 2023 no-notice total-loss rate
Shelter-seeking rate – Coastal flooding	0.02 / 0.05 / 0.11	team_assumption: central 5%; low 2% = hurricane planning factor (SCEMD); high 11% = observed Maui 2023 no-notice total-loss rate
Footprint – Hurricane	all	Hurricanes affect whole islands (Lala, Lowell 2026).
Footprint – Tsunami	tsunami_zone_share	Population share inside the State standard tsunami evacuation zone. Extreme zone is reported separately.
Footprint – Wildfire	nri_top_share_by_county (25%)	Counties lead mass care, so each county plans for its own highest-risk tracts (team_assumption).
Footprint – Inland flooding	nri_top_share_by_county (25%)	Counties lead mass care, so each county plans for its own highest-risk tracts (team_assumption).
Footprint – Coastal flooding	nri_top_share_by_county (25%)	Counties lead mass care, so each county plans for its own highest-risk tracts (team_assumption).
floor sqft 72h	20	Florida DEM Sheltering Guidance Aid (2010): emergency evacuation shelter, <=72 h
floor sqft 2wk	40	Florida DEM (2010): short-term shelter, <=2 weeks
water gal per day	1	Florida DEM (2010)
meals per day	2	Florida DEM (2010): two hot meals a day plus snacks
persons per toilet short term	20	Florida DEM (2010): short-term shelter, <=2 weeks
power outlets per power dependent person	1	team_assumption
persons per toilet 72h	40	Florida DEM (2010): emergency evacuation shelter, <=72 h
Staffing ratios	client registration 1:165, dormitory management 1:100, meal service 1:110, mental health 1:250, public health medical 1:200, security 1:100, sanitation 1:200, children area 1:12	One staff member per N shelter residents, minimum 1 when the shelter is open. Florida DEM (2010) staffing metrics; the source marks them as recommendations.
dog owning household share	0.446	AVMA U.S. pet ownership statistics (2020 data). Verified in 2022 AVMA Pet Ownership and Demographics Sourcebook, p. 3: 'Dog ownership increased by 6% from 38.4% (2016) to 44.6% (2020)'. The first url did not resolve when checked 2026-10-27.
cat owning household share	0.26	AVMA (2020 data). Verified in 2022 AVMA Pet Ownership and Demographics Sourcebook, p. 3: 'Cat ownership increased slightly from 25% in 2016 to 26% in 2020'.

9. How AI built this plan

Task	What AI did	What people checked	Evidence
Shelter list	An AI assistant (Claude) compiled the 2026 shelter list from county press releases and news reports: site name, address, event, date and pet policy, with the source URL on every row. News reports were then matched to official county releases. Result: 32 activation records for 30 sites (2 sites opened twice), all citing an official county source.	A team member reviewed the table and read the county pages that block automated tools (2026-10-27). Open code then grouped, located and hazard-checked the sites.	county_shelter_activations.csv on GitHub: https://github.com/HAIC-2026/Kahu-Ola/blob/main/data/sources/county_shelter_activations.csv
Data discovery	Datatrove's AI discovery chat found the current FEMA National Risk Index (v1.20) Census-area layers and field names, the HHS emPOWER county fields, and Census tables and download routes.	The team downloaded every dataset from its official source, checked the field names and recorded each URL and fetch date.	Sources (PLAN.md §3): https://github.com/HAIC-2026/Kahu-Ola/blob/main/PLAN.md#3-data-sources-and-dates
Software	Most of the code and tests were written with an AI coding assistant (Claude / Claude Code).	The team reviewed, ran and committed every change. 30 commits, 25 of them co-authored by Claude; 182 automated tests.	Commit history on GitHub: https://github.com/HAIC-2026/Kahu-Ola/commits/main
Multilingual messages	AI drafted 15 English source messages and translations into 9 languages (Chinese, Hawaiian, Ilocano, Japanese, Korean, Pidgin (Hawai‘i Creole English), Spanish, Tagalog/Filipino and Vietnamese). It made no drafts for Chuukese and Marshallese.	Approved: 0 of 180 messages. Every translation needs a native-speaker reviewer (assigned: Vietnamese: Kim Quynh Do); Chuukese and Marshallese need human translators.	Messages tab: https://shelters.kahuola.org/#messages Message files on GitHub: https://github.com/HAIC-2026/Kahu-Ola/tree/main/data/sources/messages

What AI does NOT do

- **Compute the numbers.** Every count and estimate is calculated by open, deterministic code from public data (the scripts/ folder in the repository).
- **Decide shelter status.** Usable / check / not for this hazard comes from fixed rules on official FEMA flood maps and State tsunami evacuation zones.
- **Run during an emergency.** The app and playbooks work offline. No AI runs at that time and no live data is fetched.

Message drafts by language
