Hawai‘i – Tsunami ESF-6 playbook

Data as of 2026-10-28

County: Hawai‘i · **Hazard:** Tsunami

Planning aid. Supports, does not replace, county emergency plans. Not an official shelter list.

1. Summary

Calculated by open code from public data · see Sources (section 8)

People in the risk area **12,102**	May need a public shelter (likely) **605**	May need a public shelter (low – high) **242 – 1,331**
Speak English less than well (C) **398**	Use power-dependent medical equipment (estimate) (M) **89**	People with a disability (I) **1,784**
Age 65 and older (I) **2,747**	People in households without a car (T) **934**	Hearing difficulty (C) **501**
Vision difficulty (C) **367**	Cognitive difficulty (memory, decisions) (I) **948**	Age 65 and older, living alone (S) **560**
Known 2026 shelter sites usable for this hazard **10**	People in the extreme tsunami zone (worst case) **13,808**	

Source: CDC/ATSDR Social Vulnerability Index 2022 (ACS 2018–2022 estimates), HHS emPOWER, FEMA National Risk Index v1.20; shelter rates: section 8.

Share of people in the risk area who may need a public shelter: low 2%, likely 5%, high 11%. One person can be counted in more than one need. Page 2 explains how to read these numbers.

2. Scope: county total vs. one community

The county total is an upper bound. It counts the people living inside the tsunami evacuation zone as hit at the same time. Real events usually hit fewer communities.

Largest single community (the Census areas with the most people who may need a shelter)

Community (Census area)	People in the risk area	May need a public shelter (low – likely – high)	Speak English less than well	Use power-dependent medical equipment (estimate)	People with a disability	Age 65 and older	People in households without a car
Hilo Census area 206	2,925	58 – **146** – 322	29	19	542	599	166
Kahalu‘u-Keauhou Census area 215.10	1,667	33 – **83** – 183	80	16	191	509	65
Hilo Census area 205	1,360	27 – **68** – 150	36	8	205	239	295

Source: people and needs – CDC/ATSDR Social Vulnerability Index 2022 (ACS 2018–2022 estimates), HHS emPOWER and FEMA National Risk Index v1.20; community names – 2020 Census blocks and places, spellings from USGS GNIS.

To plan for one community, use the first row.

How to read this playbook

Example row

Community (Census area)	People in the risk area	May need a public shelter (low – likely – high)
Hilo Census area 206	2,925	58 – **146** – 322

Read it as: about 2,925 people live in the risk area of Hilo. If this hazard hits, between 58 and 322 of them may need a public shelter; 146 is the likely number.

Census area

A neighborhood-sized area the U.S. Census uses, usually 1,200–8,000 people. The number (for example "Census area 308") is its Census ID. Each area is named after the Census place where most of its people live. "near" means no one in the area lives inside a named place; "rural near" means most people live outside named places.

Low – likely – high

The share of people in the risk area who may go to a public shelter: low 2%, likely 5%, high 11%. Where the rates come from: Team assumptions: likely 5%; low 2% (the hurricane planning factor); high 11% (the Lahaina 2023 rate).

Who has access and functional needs (CMIST)

- **C – Communication:** people who speak English less than well (they may need interpreters and translated messages), and people with hearing or vision difficulty.
- **M – Medical:** people who use power-dependent medical equipment (an estimate from HHS emPOWER).
- **I – Independence:** people with a disability, people with cognitive difficulty (memory, decisions) and people age 65 and older.
- **S – Safety and support:** people age 65 and older living alone, children and people living in group quarters (in the needs table).
- **T – Transportation:** people in households without a car.

County total vs. one community

The county total counts the people living inside the tsunami evacuation zone as hit at the same time, so it is an upper bound. Use the "Largest single community" table to plan for an event that hits one community.

Map

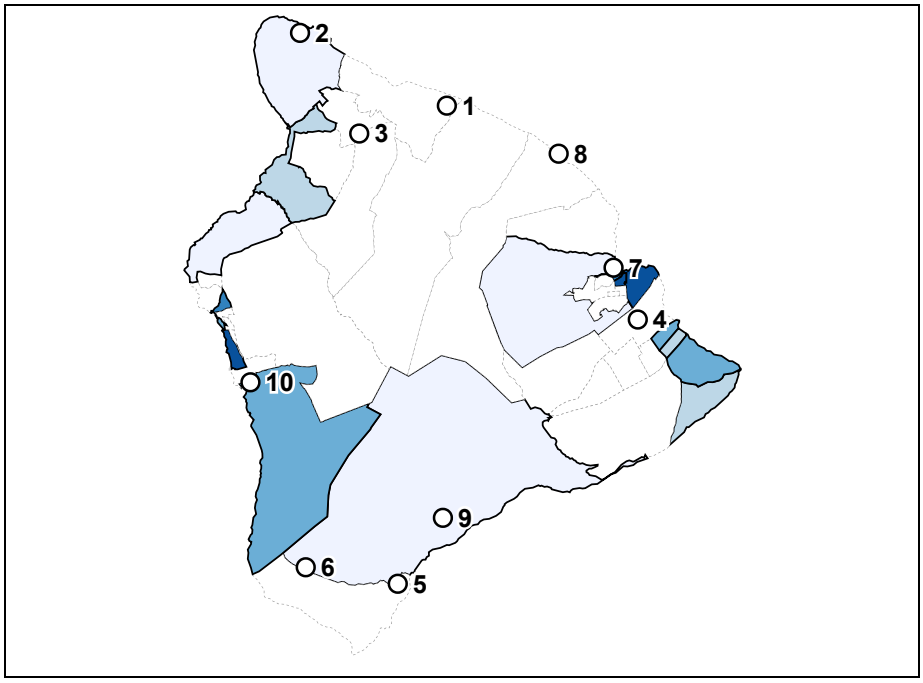

Darker blue means more people with needs, from "Lowest need" to "Highest need". A solid outline marks a Census area in the risk area; a dashed outline is outside it. Symbols: ○ usable site, △ check flood zone, ◇ flood risk not mapped, ⊠ not for this hazard. Numbers on the map match the site key.

Why population numbers can differ

People in the risk area come from ACS 2018–2022 estimates (through the CDC Social Vulnerability Index 2022). Community names use 2020 Census counts. County totals in the plan use Census estimates for 2025. Each table names its source underneath.

Every number is a planning estimate. In an event, follow county announcements.

3. Map: people with needs and known sites

Site key

1 = Honokaʻa Gym (usable)

2 = Ikuo Hisaoka Gym (usable)

3 = Kahilu Town Hall (usable)

4 = Keaʻau Armory (usable)

5 = Nāʻālehu Elementary School Gym (usable)

6 = Ocean View Community Center (usable)

7 = Puʻuʻeo Community Center (usable)

8 = Pāpaʻaloa Park Annex (usable)

9 = Robert N. Herkes Gym (usable)

10 = Yano Hall (usable)

- Lowest need (0–16 people)
- Lower (16–64 people)
- Middle (64–184 people)
- Higher (184–311 people)
- Highest need (311–757 people)
- Solid outline: Census area in the risk area
- Dashed outline: outside the risk area
- Usable site
- Check flood zone
- Flood risk not mapped (FEMA zone D)
- Not for this hazard

Color = people in the risk area who speak English less than well, use power-dependent medical equipment, have a disability, or live without a car (a person can be counted more than once). No street map: Census area outlines only.

Source: people and needs – CDC/ATSDR Social Vulnerability Index 2022 (ACS 2018–2022 estimates), HHS emPOWER and FEMA National Risk Index v1.20; community names – 2020 Census blocks and places, spellings from USGS GNIS.

No 2026 activated site within a 15-minute drive (normal traffic), for sites usable for tsunami: 32 of 43 populated Census areas. With DOE candidate schools usable for this hazard: 15 of 43. This is not a statement that the area has no shelter: counties designate and open shelters for each event, and many public buildings are not on the 2026 list.

Drive-time matrix, per hazard: shortest drive from the area's land point to a 2026 activated site usable for that hazard on the same island; scenario 2 adds the 5 nearest DOE candidate schools usable for it. Site locations: U.S. Census Geocoder, checked against Esri ArcGIS World Geocoder. Travel times: Esri ArcGIS routing, normal traffic. Powered by Esri. Geocoding and routing: Esri ArcGIS Location Services.

4. Known sites (opened in 2026 events)

Compiled from official county releases · verified by team

#	Status for this hazard	Site	Address	Why	Times opened in 2026
1	✓ **Usable**	Honokaʻa Gym	45-541 Lehua St., Honokaʻa	Outside the tsunami evacuation zone	1
2	✓ **Usable**	Ikuo Hisaoka Gym	54-382 Kamehameha Park Road, Kapaʻau	Outside the tsunami evacuation zone	1
3	✓ **Usable** ⚠ Check dam zone	Kahilu Town Hall	67-1182 Lindsey Road, Waimea	Outside the tsunami evacuation zone	1
4	✓ **Usable**	Keaʻau Armory	16-512 Volcano Road, Keaʻau	Outside the tsunami evacuation zone	1
5	✓ **Usable**	Nāʻālehu Elementary School Gym	95-5545 Mamalahoa Highway, Nāʻālehu	Outside the tsunami evacuation zone	1
6	✓ **Usable**	Ocean View Community Center	92-8924 Leilani Circle, Ocean View	Outside the tsunami evacuation zone	1
7	✓ **Usable**	Puʻuʻeo Community Center	145 Wainaku St., Hilo	Outside the tsunami evacuation zone	1
8	✓ **Usable**	Pāpaʻaloa Park Annex	35-1994 Government Main Road, Pāpaʻaloa	Outside the tsunami evacuation zone	1
9	✓ **Usable**	Robert N. Herkes Gym	96-1219 Kamani St., Pāhala	Outside the tsunami evacuation zone	1
10	✓ **Usable**	Yano Hall	82-6156 Māmalahoa Highway, Captain Cook	Outside the tsunami evacuation zone	1

Source: Ready Keiki Locator, all pre-K sites (Office of the Lieutenant Governor, published through Hawai‘i Statewide GIS): licensed group child care, public pre-K and charter pre-K sites only – no family child care homes; zones: State tsunami evacuation zone and FEMA flood zones (Hawai‘i Statewide GIS, State DFIRM).

5. Needs and proposed partners

Likely estimate. Roles are **proposed – to be confirmed with partner**. The pledged column stays blank until a partner confirms it.

Need	How many	Unit	Proposed lead	Proposed support	Pledged by partner	Still needed
Cots / sleeping space	606	cots	County Emergency Management	Hawai‘i Department of Human Services (DHS), Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i Department of Education (DOE) – schools, Hawai‘i State Public Library System, American Red Cross, Faith-based organizations, Other state and county agencies	—	confirm with partner
Floor space (≤72 h)	12,103	sq ft	County Emergency Management	Hawai‘i Department of Human Services (DHS), Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i Department of Education (DOE) – schools, Hawai‘i State Public Library System, American Red Cross, Faith-based organizations, Other state and county agencies	—	confirm with partner
Floor space (≤2 weeks)	24,205	sq ft	County Emergency Management	Hawai‘i Department of Human Services (DHS), Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i Department of Education (DOE) – schools, Hawai‘i State Public Library System, American Red Cross, Faith-based organizations, Other state and county agencies	—	confirm with partner

Need	How many	Unit	Proposed lead	Proposed support	Pledged by partner	Still needed
Water	606	gal/day	American Red Cross	Hawai‘i Department of Human Services (DHS), County Emergency Management, Hawai‘i Department of Education (DOE) – schools, The Salvation Army, Hawai‘i VOAD (Voluntary Organizations Active in Disaster), Faith-based organizations, Business community	—	confirm with partner
Meals	1,211	meals/day	American Red Cross	Hawai‘i Department of Human Services (DHS), County Emergency Management, Hawai‘i Department of Education (DOE) – schools, The Salvation Army, Hawai‘i VOAD (Voluntary Organizations Active in Disaster), Faith-based organizations, Business community	—	confirm with partner
Toilets (≤72 h)	16	toilets	County Emergency Management	Hawai‘i Department of Human Services (DHS), Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i Department of Education (DOE) – schools, Hawai‘i State Public Library System, American Red Cross, Faith-based organizations, Other state and county agencies	—	confirm with partner

Need	How many	Unit	Proposed lead	Proposed support	Pledged by partner	Still needed
Toilets (≤2 weeks)	31	toilets	County Emergency Management	Hawai‘i Department of Human Services (DHS), Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i Department of Education (DOE) – schools, Hawai‘i State Public Library System, American Red Cross, Faith-based organizations, Other state and county agencies	—	confirm with partner
Shelter staff	45	staff per shift	County Emergency Management	Hawai‘i Department of Human Services (DHS), Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i Department of Education (DOE) – schools, Hawai‘i State Public Library System, American Red Cross, Faith-based organizations, Other state and county agencies, Hawai‘i VOAD (Voluntary Organizations Active in Disaster), Office of Hawaiian Affairs (OHA), The Salvation Army, Philanthropy (foundations and donors), Business community	—	confirm with partner
Power outlets for power-dependent residents	5	outlets	Hawai‘i Department of Health (DOH)	County Emergency Management, Health care organizations (incl. managed health care), Utilities	—	confirm with partner
Accessible transport	934	people in no-vehicle households at risk	County Emergency Management	Hawai‘i Department of Human Services (DHS), Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i Department of Transportation (DOT), Business community, Other state and county agencies	—	confirm with partner

Need	How many	Unit	Proposed lead	Proposed support	Pledged by partner	Still needed
Pet space – dog households	97	households with a dog	County Emergency Management	Hawai‘i VOAD (Voluntary Organizations Active in Disaster)	—	confirm with partner
Pet space – cat households	57	households with a cat	County Emergency Management	Hawai‘i VOAD (Voluntary Organizations Active in Disaster)	—	confirm with partner
Children's area	120	children in shelter	County Emergency Management	Hawai‘i Department of Human Services (DHS), Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i Department of Education (DOE) – schools, Hawai‘i State Public Library System, American Red Cross, Faith-based organizations, Other state and county agencies, Hawai‘i Department of Health (DOH), Health care organizations (incl. managed health care), Philanthropy (foundations and donors)	—	confirm with partner
Interpreters – Ilocano	5	people with limited English in shelter	Hawai‘i Department of Human Services (DHS)	County Emergency Management, Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i State Public Library System, Hawai‘i Department of Health (DOH), Office of Hawaiian Affairs (OHA), Faith-based organizations, Other state and county agencies	—	confirm with partner

Need	How many	Unit	Proposed lead	Proposed support	Pledged by partner	Still needed
Interpreters – Pidgin (Hawai‘i Creole English)	3	people with limited English in shelter	Hawai‘i Department of Human Services (DHS)	County Emergency Management, Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i State Public Library System, Hawai‘i Department of Health (DOH), Office of Hawaiian Affairs (OHA), Faith-based organizations, Other state and county agencies	—	confirm with partner
Interpreters – Japanese	2	people with limited English in shelter	Hawai‘i Department of Human Services (DHS)	County Emergency Management, Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i State Public Library System, Hawai‘i Department of Health (DOH), Office of Hawaiian Affairs (OHA), Faith-based organizations, Other state and county agencies	—	confirm with partner
Interpreters – Spanish	2	people with limited English in shelter	Hawai‘i Department of Human Services (DHS)	County Emergency Management, Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i State Public Library System, Hawai‘i Department of Health (DOH), Office of Hawaiian Affairs (OHA), Faith-based organizations, Other state and county agencies	—	confirm with partner

Need	How many	Unit	Proposed lead	Proposed support	Pledged by partner	Still needed
Interpreters – Tagalog/Filipino	1	people with limited English in shelter	Hawai‘i Department of Human Services (DHS)	County Emergency Management, Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i State Public Library System, Hawai‘i Department of Health (DOH), Office of Hawaiian Affairs (OHA), Faith-based organizations, Other state and county agencies	—	confirm with partner

Source: likely estimate × planning factors (section 8; Florida Division of Emergency Management 2010; AVMA (2020 data) for pets).

Service animals stay with their handler (ADA); not counted as pets.

Also plan for (county counts, not included in the totals above)

Group	People	Detail	Date
People experiencing homelessness (Point-in-Time count)	696	sheltered 229, unsheltered 467; one-night count	2026-01-25
Visitors on island (average per day)	35,640	Hawai‘i Island	2025 (annual average)
People in dam evacuation zones	4,545	State dam evacuation zones	zones fetched 2026-10-28

Source: Point-in-Time counts – Bridging the Gap 2026 report (Hawai‘i, Maui, Kaua‘i; night of Jan 25, 2026) and Partners In Care 2026 count for O‘ahu as released by the City and County of Honolulu; visitors – DBEDT State of Hawai‘i Data Book 2025, Table 7.06. Details: section 8.

State dam evacuation zones show the area that could flood if a dam fails; they are planning zones, not a forecast.

Source: State of Hawai‘i dam evacuation zones (published through Hawai‘i Statewide GIS). People = share of each Census area inside a zone × its population, the same method as for the tsunami zone. Shares of people are 2020 Census block populations whose block internal point is inside (Census TIGER internal points), divided by the Census area's 2020 block population; the share is then applied to the area's population.

Who else to plan for

- **Domestic-violence survivors:** Served through confidential providers; no counts by design.
- **Off-grid households:** No public Census-area data; county and health partners to supply.
- **People on dialysis or receiving home care:** No public Census-area data; county and health partners to supply.

- **Earthquake:** Not modeled; listed as a limitation in the plan.
- **Caregivers and personal care attendants:** Stay with the person they support; count them for cots, meals and space.
- **Behavioral health:** Mental-health staff at each shelter (ratio: section 8).
- **Niʻihau:** Privately owned island, no public shelter; plan with the landowner and Kauaʻi County.
- **Families afraid to seek shelter (including immigrant families):** The county publishes who may use shelters; trusted community messengers share it.

6. Decision points

Proposed – supports, does not replace, county plans.

When	Trigger	Action	Owner (proposed)	Support
BEFORE	Annual pre-positioning review (no official product) County (sets the date)	PRE-POSITION: confirm shelters/refuge outside the tsunami evacuation zone (and extreme zone), transport plan for no-vehicle residents inside the zone, pre-approved multilingual evacuation messages.	County Emergency Management (each county)	Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i Department of Human Services (DHS), Hawai‘i Department of Transportation (DOT)
BEFORE	Before each season: who may use shelters (no official product) County (sets the date)	County confirms and publishes who may use shelters and what ID is needed; trusted community messengers share it.	County Emergency Management (each county)	Hawai‘i Department of Human Services (DHS), Faith-based organizations, Office of Hawaiian Affairs (OHA), Hawai‘i VOAD (Voluntary Organizations Active in Disaster)
DURING	Tsunami Warning NOAA Pacific Tsunami Warning Center (PTWC)	Evacuate the zone; open refuge outside the zone; prioritize residents who cannot evacuate on their own.	County Emergency Management (each county)	Hawai‘i Emergency Management Agency (HI-EMA), Hawai‘i Department of Transportation (DOT), American Red Cross
AFTER	Warning cancelled or all clear County / NWS / PTWC	Shelter displaced households, feeding, power for medical devices, donations and volunteers.	American Red Cross	Hawai‘i VOAD (Voluntary Organizations Active in Disaster), Hawai‘i Department of Health (DOH), Utilities, The Salvation Army

Source: National Weather Service, Central Pacific Hurricane Center and Pacific Tsunami Warning Center product definitions (links: section 8).

7. Priority outreach and languages

Top 10 Census areas by number of people with needs

#	Community (Census area)	People in the risk area	Use power-dependent medical equipment (estimate)	People with a disability	Speak English less than well	People in households without a car	Needs total (a person can be in more than one column)
1	Hilo Census area 206	2,925	19	542	29	166	757
2	Hilo Census area 205	1,360	8	205	36	295	544

More needs in the largest communities

Community (Census area)	Hearing difficulty	Vision difficulty	Cognitive difficulty (memory, decisions)	Age 65 and older, living alone
Hilo Census area 206	183	108	383	134
Kahaluʻu-Keauhou Census area 215.10	47	39	87	42
Hilo Census area 205	51	59	133	36

Source: ACS 2020–2024 5-year Census-area tables B18102 (hearing), B18103 (vision), B18104 (cognitive) and B09020 (age 65 and older living alone), times the share of each area in the risk area; homes in 10+ unit buildings: CDC/ATSDR SVI 2022 (E_MUNIT, housing units).

How to reach residents

Channel	Owner (proposed)	Support (proposed)
Official alerts: Wireless Emergency Alerts / Emergency Alert System and county alert sign-ups	County Emergency Management (each county)	Hawaiʻi Emergency Management Agency (HI-EMA)
Broadcast radio, including in-language programs where available	County Emergency Management (each county)	Hawaiʻi Emergency Management Agency (HI-EMA)
Outdoor warning sirens: a signal to turn on radio, TV or phone alerts for instructions	Hawaiʻi Emergency Management Agency (HI-EMA)	County Emergency Management
Trusted community messengers: faith-based groups, Native Hawaiian organizations, health care providers, community nonprofits	Hawaiʻi Department of Human Services (DHS)	Faith-based organizations, Office of Hawaiian Affairs (OHA), Health care organizations (incl. managed health care), Hawaiʻi VOAD (Voluntary Organizations Active in Disaster)

Channel	Owner (proposed)	Support (proposed)
Printed notices at shelters, libraries and schools, in the county's top languages	County Emergency Management (each county)	Hawai‘i State Public Library System, Hawai‘i Department of Education (DOE) – schools

Source: proposed channels and formats in the plan's communication pathways – supports, does not replace, county and State public-information plans.

Populated Census areas whose land point is farther than 3,400 ft from every outdoor siren (HI-EMA manufacturer rating; actual range varies): **36**.

Populated Census areas with less than 50% of people within rated siren range (31): prioritise WEA, radio and trusted messengers. Discovery Harbour / Nā‘ālehu (212.04); Eden Roc / Fern Forest (210.17); Hawaiian Acres / Fern Acres (210.16); Hawaiian Beaches / Nānāwale Estates (211.08); Hawaiian Ocean View (212.03); Hawaiian Paradise Park (210.14, 210.15); Hilo (205, 207.02, 208.01, 209); Honoka‘a (219.02); Hāwī / Kapa‘au (218); Hōlualoa (215.02); Hōnaunau-Nāpō‘opo‘o (213); Kahalu‘u-Keauhou (215.11); Kailua (216.06, 216.07); Kaiminani (215.12, 215.13); Kurtistown (210.13); Laupāhoehoe (221.02); Leilani Estates (211.01); Mountain View (210.11); Pāhoa / Black Sands (211.07); Waikoloa Village (217.08); Waimea (217.05, 217.06); Wainaku (202.02); rural near Pa‘auilo (220); ‘Āinaloa / Orchidlands Estates (210.03)

Source: Hawai‘i Emergency Management Agency public siren map (locations of permanent outdoor warning sirens; no live status). Rated range: 3,400 feet, the manufacturer rating published by the Hawai‘i Emergency Management Agency; the real range varies with terrain, buildings and weather. In range: within 3,400 feet of a siren, the same method as for the tsunami zone. Shares of people are 2020 Census block populations whose block internal point is inside (Census TIGER internal points), divided by the Census area's 2020 block population; the share is then applied to the area's population.

Accessible formats for every message:

- **ASL video:** short American Sign Language video of each message
- **Captions:** captions on every video and broadcast
- **Large print:** printed notices in large print
- **Plain language:** short sentences, one action at a time
- **Screen-reader-friendly text:** plain text or tagged web pages, not images of text

Source: ACS PUMS 2019–2023 5-year (validated against the DBEDT State of Hawai‘i Data Book 2024, Table 1.44).

Low reliability: margin of error large compared with the estimate (coefficient of variation above 40%), or too few to estimate (fewer than 100 people or 10 survey responses).

Pre-approved message templates: none yet; no machine translation without human review.

8. Sources and assumptions

Planning factors

Factor	Value	Source or team assumption
Shelter-seeking rate – Hurricane	2% / 3% / 5%	South Carolina EMD, 2026 Hurricane Response Annex G (planning factors 2%, 3%, 5%)
Shelter-seeking rate – Wildfire	2% / 5% / 11.2%	high = observed Maui 2023: 1,418 people in shelters on Aug 11, 2023 (Maui Now) / Lahaina CDP population 12,702 (2020 Census) = 0.1116, rounded to 3 decimals = 0.112 (so the calibration event falls inside the band). low and central are Team assumption.
Shelter-seeking rate – Tsunami	2% / 5% / 11%	Team assumption: central 5%; low 2% = hurricane planning factor (SCEMD); high 11% = observed Maui 2023 no-notice total-loss rate
Shelter-seeking rate – Inland flooding	2% / 5% / 11%	Team assumption: central 5%; low 2% = hurricane planning factor (SCEMD); high 11% = observed Maui 2023 no-notice total-loss rate
Shelter-seeking rate – Coastal flooding	2% / 5% / 11%	Team assumption: central 5%; low 2% = hurricane planning factor (SCEMD); high 11% = observed Maui 2023 no-notice total-loss rate
Footprint – Hurricane	Every Census area	Hurricanes affect whole islands (Lala, Lowell 2026).
Footprint – Tsunami	Share living inside the tsunami evacuation zone	Population share inside the State standard tsunami evacuation zone. Extreme zone is reported separately.
Footprint – Wildfire	Top 25% of Census areas by FEMA risk score	Counties lead mass care, so each county plans for its own highest-risk tracts (Team assumption).
Footprint – Inland flooding	Top 25% of Census areas by FEMA risk score	Counties lead mass care, so each county plans for its own highest-risk tracts (Team assumption).
Footprint – Coastal flooding	Top 25% of Census areas by FEMA risk score	Counties lead mass care, so each county plans for its own highest-risk tracts (Team assumption).
Floor sqft 72h	20	Florida DEM Sheltering Guidance Aid (2010): emergency evacuation shelter, <=72 h
Floor sqft 2wk	40	Florida DEM (2010): short-term shelter, <=2 weeks
Water gal per day	1	Florida DEM (2010)
Meals per day	2	Florida DEM (2010): two hot meals a day plus snacks

Factor	Value	Source or team assumption
Persons per toilet short term	20	Florida DEM (2010): short-term shelter, <=2 weeks
Power outlets per power dependent person	1	Team assumption
Persons per toilet 72h	40	Florida DEM (2010): emergency evacuation shelter, <=72 h
Staffing ratios (one staff member per N residents)	client registration 1:165, dormitory management 1:100, meal service 1:110, mental health 1:250, public health medical 1:200, security 1:100, sanitation 1:200, children area 1:12	One staff member per N shelter residents, minimum 1 when the shelter is open. Florida DEM (2010) staffing metrics; the source marks them as recommendations.
Dog owning household share	0.446	AVMA U.S. pet ownership statistics (2020 data). Verified in 2022 AVMA Pet Ownership and Demographics Sourcebook, p. 3: 'Dog ownership increased by 6% from 38.4% (2016) to 44.6% (2020)'. The first url did not resolve when checked 2026-10-27.
Cat owning household share	0.26	AVMA (2020 data). Verified in 2022 AVMA Pet Ownership and Demographics Sourcebook, p. 3: 'Cat ownership increased slightly from 25% in 2016 to 26% in 2020'.

9. Results

- **Coverage:** 436 of 436 Census areas have needs data (FEMA risk data joined for 435 of 436). Source: coverage check of the needs layer (CDC SVI 2022, FEMA NRI v1.20).
- **Backtest – Lahaina wildfire (2023-08-11):** observed 1,418 people in shelters; model 254 / 635 / 1,423 (low / likely / high). This is a calibration event, not validation: the high rate was set from it. Source: Lahaina 2023 backtest (Maui Now count of people in shelters).

10. Stress tests – what could break

Stress test, not a forecast. Each test changes one thing in the plan (a site closes, two hazards strike together, a road is cut, more people come) and counts who is affected, from the plan's own data. Deterministic code computes every number from the plan's data; people review the results.

Top 10 for Hawai‘i – Tsunami and all-hazard tests, ranked by people affected (at most two from one test). The full list, with every test, is in the app (Stress tests).

1. **Visitors on the island(s) – Hawai‘i (tsunami)** (test 20: Visitors in tsunami zones)
   35,640 visitors on an average day (island level) (visitors inside the tsunami zone: needs county data (hotel and rental locations)).
   Detail: Hawai‘i Island · Peak day: needs DBEDT monthly data (the Data Book gives the annual average) · Visitors on an average day (2025): 35,640 · Visitors inside the tsunami zone: needs county data (hotel and rental locations)
   Sources: DBEDT State of Hawai‘i Data Book 2025, Table 7.06 (average daily visitor census, 2025).
2. **Stranded visitors for 3 or 7 days – Hawai‘i** (test 21: Stranded visitors)
   35,640 visitors on an average day (island level).
   By length of stay: 3 days: 213,840 meals, 106,920 gallons of water; 7 days: 498,960 meals, 249,480 gallons of water · Visitors on an average day (2025): 35,640
   Sources: DBEDT State of Hawai‘i Data Book 2025, Table 7.06 (average daily visitor census, 2025); Florida Division of Emergency Management, Sheltering Guidance Aid (2010). Team assumptions: Every visitor on the island is stranded and needs meals and water from mass care (upper bound): 100%.
3. **Extreme tsunami zone (worst case) – Hawai‘i** (test 8: Extreme tsunami zone (worst case))
   13,808 people in the extreme tsunami evacuation zone (may need a public shelter (likely): 690; 2026 sites inside the extreme zone: 0).
   People in the extreme tsunami zone: 13,808 · People in the standard tsunami zone: 12,102 · May need a shelter (high): 1,519 · May need a public shelter (likely): 690 · May need a shelter (low): 276
   Sources: CDC/ATSDR Social Vulnerability Index 2022 (ACS 2018–2022), HHS emPOWER, FEMA National Risk Index; 2020 Census blocks; State tsunami evacuation zones and extreme tsunami evacuation zones (Hawai‘i Statewide GIS); county announcements of sites opened in 2026; FEMA flood zones and tsunami evacuation zones (Hawai‘i Statewide GIS); shelter-seeking rates in the plan (South Carolina EMD 2026 Annex G; Maui 2023 observed; team assumptions). Team assumptions: Sites needed at a given number of people per site (capacity unknown): 250.

4. **All four counties at once (tsunami)** (test 9: Several counties at once)
   6,382 people who may need a public shelter (likely), counties together (cots: 6,384; shelter staff per shift: 442).
   Cots: 6,384 · Counties: Kauai, Honolulu, Maui, Hawaii · People with limited English in shelter, by language (interpreters): Chinese: 31; Chuukese: 7; Hawaiian: 4; Ilocano: 60; Japanese: 28; Korean: 12; Marshallese: 3; Pidgin (Hawaiʻi Creole English): 3; Spanish: 6; Tagalog/Filipino: 45; Vietnamese: 8 · Meals per day: 12,766 · People in shelter (likely): 6,382
   Sources: CDC/ATSDR Social Vulnerability Index 2022 (ACS 2018–2022), HHS emPOWER, FEMA National Risk Index; 2020 Census blocks; Florida Division of Emergency Management, Sheltering Guidance Aid (2010); ACS PUMS 2019–2023 5-year (limited-English speakers by language); shelter-seeking rates in the plan (South Carolina EMD 2026 Annex G; Maui 2023 observed; team assumptions).
5. **Māmalahoa Highway (Route 11) in Kaʻū, between Pāhala and Punaluʻu** (test 24: Road closures (driving))
   5,591 people in areas with a longer drive, fewer known sites within 45 minutes, or cut off (Census areas cut off from every 2026 site: 0; most minutes added to any known site: 23.7).
   Census areas cut off (over the limit or no route): 0 · Census areas cut off from every 2026 site: 0 · Census areas losing known sites within reach: 1 · Census areas with no route at all: 0 · Census areas routed: 8
   Sources: Esri ArcGIS routing with road closures (build time); highway centrelines: Hawaiʻi DOT HPMS and surveyed mile markers (Hawaiʻi Statewide GIS); Esri ArcGIS routing (drive-time matrix, normal traffic, build time); county announcements of sites opened in 2026; FEMA flood zones and tsunami evacuation zones (Hawaiʻi Statewide GIS); Hawaiʻi DOE public schools (Hawaiʻi Statewide GIS). Team assumptions: Closure location along the highway (a stretch of about 0.8 km): team assumption.
6. **Honolulu and Hawaiʻi at once (tsunami)** (test 9: Several counties at once)
   4,622 people who may need a public shelter (likely), counties together (cots: 4,624; shelter staff per shift: 316).
   Cots: 4,624 · Counties: Honolulu, Hawaii · People with limited English in shelter, by language (interpreters): Chinese: 31; Chuukese: 7; Hawaiian: 3; Ilocano: 37; Japanese: 24; Korean: 12; Marshallese: 2; Pidgin (Hawaiʻi Creole English): 3; Spanish: 2; Tagalog/Filipino: 32; Vietnamese: 8 · Meals per day: 9,246 · People in shelter (likely): 4,622
   Sources: CDC/ATSDR Social Vulnerability Index 2022 (ACS 2018–2022), HHS emPOWER, FEMA National Risk Index; 2020 Census blocks; Florida Division of Emergency Management, Sheltering Guidance Aid (2010); ACS PUMS 2019–2023 5-year (limited-English speakers by language); shelter-seeking rates in the plan (South Carolina EMD 2026 Annex G; Maui 2023 observed; team assumptions).
7. **Lose Keaʻau Armory and Puʻuʻeo Community Center (tsunami)** (test 2: Two sites lost)
   3,604 people in the risk area pushed outside a 15-minute drive to a usable 2026 site (Census areas pushed outside a 15-minute drive: 4; people more than losing either site alone: 2,125).
   Census areas left with no usable 2026 site on the island: 0 · Census areas pushed outside a 15-minute drive: 4 · Drive limit (minutes): 15 · Island: Hawaiʻi · People more than losing either site alone: 2,125
   Sources: CDC/ATSDR Social Vulnerability Index 2022 (ACS 2018–2022), HHS emPOWER, FEMA National Risk Index; 2020 Census blocks; county announcements of sites opened in 2026; FEMA flood zones and tsunami evacuation zones (Hawaiʻi Statewide GIS); Esri ArcGIS routing (drive-time matrix, normal traffic, build time).

8. **Tsunami and coastal flooding together – Hawai‘i** (test 4: Tsunami and coastal flooding together)
   2,771 people who may need a public shelter (likely) (2026 sites usable for every hazard in the pair: 10; site gap: 2).
   Census areas: 17 · People if each hazard is counted separately: 66,071 · People in either footprint (counted once): 55,427 · May need a public shelter (likely): 2,771 · Site gap: 2
   Sources: CDC/ATSDR Social Vulnerability Index 2022 (ACS 2018–2022), HHS emPOWER, FEMA National Risk Index; 2020 Census blocks; county announcements of sites opened in 2026; FEMA flood zones and tsunami evacuation zones (Hawai‘i Statewide GIS); shelter-seeking rates in the plan (South Carolina EMD 2026 Annex G; Maui 2023 observed; team assumptions); State tsunami evacuation zones and extreme tsunami evacuation zones (Hawai‘i Statewide GIS). Team assumptions: Sites needed at a given number of people per site (capacity unknown): 250; A person in two footprints is counted once, at the higher rate: highest rate.
9. **Lose Pu‘u‘eo Community Center (tsunami)** (test 1: One site lost)
   1,479 people in the risk area pushed outside a 15-minute drive to a usable 2026 site (Census areas pushed outside a 15-minute drive: 2).
   Census areas pushed outside a 15-minute drive: 2 · Drive limit (minutes): 15 · Island: Hawai‘i · May need a public shelter (likely): 74 · Site: Pu‘u‘eo Community Center
   Sources: CDC/ATSDR Social Vulnerability Index 2022 (ACS 2018–2022), HHS emPOWER, FEMA National Risk Index; 2020 Census blocks; county announcements of sites opened in 2026; FEMA flood zones and tsunami evacuation zones (Hawai‘i Statewide GIS); Esri ArcGIS routing (drive-time matrix, normal traffic, build time).
10. **Lose Honoka‘a Gym and Pu‘u‘eo Community Center (tsunami)** (test 2: Two sites lost)
    1,479 people in the risk area pushed outside a 15-minute drive to a usable 2026 site (Census areas pushed outside a 15-minute drive: 2; people more than losing either site alone: 0).
    Census areas left with no usable 2026 site on the island: 0 · Census areas pushed outside a 15-minute drive: 2 · Drive limit (minutes): 15 · Island: Hawai‘i · People more than losing either site alone: 0
    Sources: CDC/ATSDR Social Vulnerability Index 2022 (ACS 2018–2022), HHS emPOWER, FEMA National Risk Index; 2020 Census blocks; county announcements of sites opened in 2026; FEMA flood zones and tsunami evacuation zones (Hawai‘i Statewide GIS); Esri ArcGIS routing (drive-time matrix, normal traffic, build time).

This is not a statement that the area has no shelter: counties designate and open shelters for each event, and many public buildings are not on the 2026 list.

11. Questions for counties

These need county knowledge. The plan has no data for them, so it shows no numbers.

1. **Shelter buildings in an earthquake or a strong hurricane:** Which shelter buildings have been assessed for earthquake and hurricane-wind resilience, and which need a check before they are used after a strong event?
2. **Resupply for Moloka‘i and Lāna‘i:** How would water, food, cots, fuel and medical supplies reach Moloka‘i and Lāna‘i if the harbours or airports close for several days, and who decides the order of shipments?

3. **Cell network outages:** Which areas lose mobile phone service first in a long power outage or after wind damage, and how will warnings and shelter information reach them (radio, sirens, door-to-door)?
4. **Schools used as shelters:** When a school is used as a shelter, how long can it stay open before classes must restart, and where do residents go next?
5. **Partner capacity:** Could each county collect partner capacity (cots, meals, staff, vehicles, interpreters) with a county-run form such as Survey123, with no personal data, so the plan can show pledged capacity instead of 'confirm with partner'?
